AEEE Slot Booking 2023

The Amrita Vishwa Vidyapeetham conducts the AEEE 2023 slot booking soon after the registration process is concluded. The slot booking process is applicable for those candidates who select the online mode (computer-based mode) for AEEE 2023 examination. Each candidate has to submit three preferences from the list of cities, in these cities, the examination will be held in one centre. The preferences submitted by the candidate will only be indicative and a guide to the university for deciding the number of cities & centres.

One candidate will be allotted one of the three preferred cities, preferably the first favourite city. If the examination on the first preference of a candidate cannot be conducted, then it will be applied for the second/third priority.

AEEE 2025

AEEE (Amrita Engineering Entrance Examination) is conducted by the Amrita Vishwa Vidyapeetham for providing admission into its undergraduate B.Tech programmes. The exam serves as the gateway for the students aspiring to pursue engineering at any of Amrita's campuses. AEEE is conducted in the subjects of Physics, Chemistry and Mathematics in a computer based format. Candidates who have completed their class 12 and wish to join the institute can participate in AEEE 2025.

AEEE 2025 Eligibility Criteria

AEEE eligibility criteria 2025 prescribed by the Amrita Vishwa Vidyapeetham (popularly known as Amrita University) comprise age criteria, academic qualification, and the minimum qualifying marks required to apply for AEEE 2025. It is important for the applicants seeking admission to check the [AEEE eligibility criteria 2025](#). Candidates eligible for admission include both Indian nationals and foreign nationals. Applicants must have a date of birth on or after July 1, 2000, and should have completed the class 12 exam or an equivalent examination from a recognized board. Additionally, they are required to have studied Mathematics, Physics, and Chemistry in their Class

12 curriculum. To qualify, candidates must secure a minimum aggregate of 60% in their qualifying examination, with at least 55% in each of the subjects: Physics, Chemistry, and Mathematics.

AEEE 2025 Exam Pattern

Amrita University is released by [AEEE Exam Pattern 2025](#) for the aspirants appearing in the examination. As per the exam pattern, the exam will be held in CBT mode. The exam pattern helps candidates to understand the structure of the question paper highlighting the number of questions, the total number of questions, marks per section, total marks, mode of examination, the time duration of the examination, marking scheme, etc. AEEE 2025 exam will be conducted in a Computer Based Mode and will last for 2 hours and 30 minutes. It will consist of multiple-choice questions (Objective type) divided into four sections covering four subjects: Physics, Chemistry, Mathematics, and English.

AEEE 2025 Syllabus

Amrita University prepares the syllabus of AEEE 2025 on the basis of Class 11 and Class 12 subjects. The [AEEE syllabus 2025](#) consists of four sections - Physics, English Chemistry, and Mathematics. In order to get a good score in the AEEE exam, it is recommended that applicants stick to the prescribed curriculum only. Knowing the AEEE 2025 syllabus in advance helps the applicants to plan better for the entrance exam. To ace the entrance exam, having a brief knowledge of the AEEE 2025 syllabus is essential for the candidates.

How to Prepare for AEEE 2025?

To effectively prepare for the AEEE 2025 exam, candidates should start by thoroughly understanding the syllabus and exam pattern, which includes analyzing the marking scheme and topic weightage. Constructing a [AEEE preparation 2025](#) plan is very crucial. Creating a structured study plan that incorporates all topics, revision days, and mock tests, along with practising the AEEE previous year's papers, is essential. Making short notes for quick revision is also beneficial, helping to memorize key points. Regularly solving AEEE 2025 sample papers and mock tests assesses readiness and highlights areas needing improvement while increasing speed in answering questions. Finally, consistent revision is crucial as it reinforces learning and aids in retaining important facts and formulas.

AEEE 2025 Slot Booking

Candidates who will successfully fill out the application form must visit the Amrita University official website to complete the slot booking process. During the AEEE 2025 slot booking, candidates must select the "slot and time slot" of their choosing, subject to availability. Candidates will be allotted dates and slots on a first-come, first-served basis. If a candidate does not exercise their choice, a date/slot is allocated to them based on availability.

AEEE 2025 Exam Day Guidelines

AEEE 2025 exam will be administered in CBT mode. Candidates must be aware of the following AEEE exam day guidelines to have a hassle-free experience.

- The CBT examination rooms/halls open one hour before the start of the test.
- Candidates should take their seats in the test hall 30 minutes before the examination begins.
- Candidates who do not arrive on time are likely to miss some of the general instructions that will be announced in the test hall.
- Each candidate is assigned a seat with their roll number. Candidates should find out and occupy just the seats that have been assigned to them. If a candidate is discovered to have changed rooms or seats without permission, their nomination will be invalidated, and no appeal will be entertained.
- Candidate must carry the AEEE 2025 admit card to the exam centre along with the required ID documents.
- Candidates must not bring any suspicious cheating items like notes, books or mobile phones to the exam hall.

About AEEE 2025 Exam

About AEEE

Amrita Entrance Examination Engineering (AEEE) is an institutional-level entrance examination conducted for admission to various undergraduate B.Tech programs offered by Amrita Schools of Engineering. Every year, Amrita University (Amrita Vishwa Vidyapeetham) organizes this entrance examination. The University has three campuses in Coimbatore, Amritapuri, and Bengaluru. The mode of [AEEE 2025 Phase 2 Exam](#) entrance exam is online.

Following are the courses offered:

- [B.Tech. in Electrical and Electronics Engineering](#)
- B.Tech. in Electronics and Communication Engineering
- B.Tech. in Mechanical Engineering
- B.Tech. in Electronics and Instrumentation Engineering
- B.Tech. in Aerospace Engineering
- B.Tech. in Chemical Engineering
- B.Tech. in Civil Engineering
- B.Tech. in Computer Science and Engineering
